Afia Schwar & Diamond Appiah at war over Obinim

Afia Schwarzenegger and Diamond Appiah

If you are not following Afia Schwarzenegger or Diamond Appiah on any of these numerous social media networks, then you are missing a lot of fun currently happening on their pages.

One does not need Angel Gabriel to descend from Heaven and inform him that Afia Schwarzenegger is anti-Obinim.

She does not want to hear or see anything related to the man of God. As we all know, some fans and members of Bishop Daniel Obinim will also not sit idle for their leader to be insulted or ridiculed and Diamond Appiah is one of such faithful.

For the past few days, Diamond Appiah who is aspiring to be an MP at Trobu Constituency and Afia Schwarzenegger have been exchanging words on social media platforms.

While the actress has been defending the televangelist, Afia, on the other hand, has also been making mockery of Diamond and her pastor.

Diamond in a series of Instagram posts has leveled several allegations against the TV and radio presenter.

Relax and read their messages below:

S/o to the Jobless empty barrel with no platform to spew her rubbish anymore 😊😊😊 . Until u get to the level of the ppl ur busy insulting by opening ur own radio n television station,u will forver be jobless cos no credible media house will employ a waste product like u, now let me ask whether ur previous boss was even a graduate considering where he started from n how hard he worked to achieve the success u were ruining with ur big watery stinking mouth. Which school did Jesus Christ and the great prophets in the bible attend ??? God doesn't call ppl based on their educational background but calls those he desires to use. Now dat ur finally Jobless continue barking like a bush dog on social media cos dats all u've got. creating a YouTube channel is free by the way so that is not an achievement to brag about. So called Christians like u are an embarrassment to the body of christ. I don't blame u, the drugs n alcohol u consume has destabilized ur mental faculty to go into defunctional mode and the sad aspect is that u get ur fellow shallow wallows who support ur madness n stupidity on social media bcas that is how low the Society has become so continuing ranting like a fool. When n where did Bishop Obinim testify he made Abraham Atta popular or mentioned Peace hyde's name? Yet fools like u will post such absurd

lies for shallow minds like urself who believe every satarical trash dey read online to insult him for no reason. I laugh at their stupid comments especially when ppl say why haven't Obinim done anything to her? Well, real men of God don't harm ppl ,they give dem the chance to live n repent from their stupid ways unlike some so called men of God claiming they caused Lawyer ampaws accident n this same stupid gal who insults obinim day n night was singing praises at him. Wot a Jerk ...Repent!
